SUMMARY

Creative and detail-oriented Frontend Engineer with 5+ years of experience crafting responsive, user-centric web applications using React, Vue, and modern CSS frameworks.

EXPERIENCE

Lead Frontend Engineer

Feb 2022 – Present

[TechSpark Inc.](#)

- Leading a team of frontend developers to build accessible and scalable user interfaces. Collaborated with UX teams to implement design systems and improve frontend performance.

Frontend Developer

Sep 2018 – Jan 2022

[PixelForge Labs](#)

- Developed reusable UI components using React and Vue.js. Worked closely with backend teams to integrate REST APIs and optimize SPA performance.

PROJECTS

FitTrack - Fitness Dashboard

[Web Application \(Health & Fitness\)](#)

FitTrack is a fitness analytics dashboard that allows users to log workouts, track progress, and visualize performance through interactive charts.

ShopEase - E-commerce UI Kit

[Frontend UI Kit](#)

ShopEase is a modular e-commerce frontend template with ready-to-use components for product listing, cart management, and responsive navigation.
