SUMMARY

Dedicated and enthusiastic Web Developer with knowledge of HTML, CSS, JavaScript, AngularJS, Node.js, and MongoDB. Passionate about building responsive and user-friendly web applications with clean and efficient code.

EXPERIENCE

Fresher

Passionate web development student with hands-on experience in academic and personal projects using HTML, CSS, JavaScript, AngularJS, Node.js, and MongoDB. Familiar with responsive design, basic backend development, and database operations.

PROJECTS

Portfolio Website

Personal Portfolio Website

Developed a responsive personal portfolio website to showcase projects, skills, and contact information using HTML, CSS, JavaScript and React.JS. Designed with a modern UI and smooth navigation for better user experience.

AI Powered Resume Builder

AI Powered Resume Builder Web Application (Resume Generator Platform)

Developed an AI-powered Resume Builder using React.js, Node.js, and MongoDB with features like user authentication, resume templates, and real-time preview. Designed a responsive and user-friendly interface for creating and managing professional resumes efficiently.

Skill Swap Website

Web Application (Skill Exchange Platform)

Developed a Skill Swap platform using AngularJS, Node.js, and MongoDB where users can connect, share, and exchange skills with others. Implemented user authentication, profile management, and skill listing features.

Music Player

Web Application (Music Player)

Created an interactive music player using HTML, CSS, and JavaScript with features like play/pause controls, song navigation, progress bar, and responsive design.

Cafe Order System

Web Application (Food Ordering System)

Built a cafe ordering website using HTML, CSS, and JavaScript that allows users to browse menu items, add products to cart, and place orders through an interactive and responsive interface.
